

# KNOW YOUR RISK

## TALK TO YOUR DOCTOR ABOUT OSTEOPOROSIS AND YOUR BONES.

Take charge of your bone health. You may find the following questions helpful for the discussion with your doctor.

**What is osteoporosis and am I at risk?**

---

---

**What should I do to take care of my bones?**

---

---

**Are there any tests that can tell me if I have osteoporosis?**

---

---

**Which medications are commonly used for osteoporosis treatment?**

---

---

**What is the benefit (efficacy) of osteoporosis medication vs potential adverse events (side effects)?**

---

---

**What is the difference between different osteoporosis medicines?**

---

---

**How long will I need to take an osteoporosis medication?**

---

---

**Notes**
